1. I think this is a minor
trick for DIA to have some
time to get the "spaces".

2. The people in CL are from
"other spaces" in INSCOM where
we need fill. If they are
detailed, we cannot fill the
spaces. However, my main concern
is that the detailed people are
ours. If anything goes wrong or

whatever, they are "my guys"
when I said I was out "of
the business. INSCOM will
look dumb.

Let's try to get spaces.
