SUMMARY OF INFORMATION

During this session, I could see that the overall area was flat and circular and there were trees and some vegetation. The area was somewhat isolated. There was water nearby. I could see a long narrow hill. The man travels up and down the long narrow hill. It takes him a long time to travel up and down the hill. He then waits by the water.

The man had dark hair and he was in his early forties. It seems that this man is generally by himself. It seems that he keeps to himself. He lives within moderate means. The man dresses casually and at times he is out by the water waiting. He works by himself and he waits a long time for his work to come in.

The man is in good physical shape. Sometimes he wears a beard. He lives on the hill. He lives like a hermit. He does not have family or friends near him.

(handwritten) ✱ — May be accurate; but this is not the target.
