SECRET/NOFORN

PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER:	0059 (Tag) <b>7</b>	SESSION NUMBER:	2
DATE OF SESSION:	<b>22 MAY 90</b>	DATE OF REPORT:	23 MAY 90
START:	0712	END:	1005
METHODOLOGY:	CRV	VIEWER IDENTIFIER:	052

1. (S/SK) MISSION: To describe the target site (Solar One solar furnact tower) in Stage 4 terminology.
2. (S/SK) VIEWER TASKING: Encrypted coordinates only.
3. (S/SK) COMMENTS: No Physical Inclemencies reported. A review of 052's solo work through Stage 3 provided a "jumping off" point for beginning Stage 4. Although 052 uncovered a great deal of new information, ADL breaks and a drive to identify the site ended in a final frustration break after which I called an end to this session. The site will be continued after this frustration has assuaged.
4. (S/SK) EVALUATION: **2**
5. (S/SK) SEARCH EVALUATION: N/A.

MONITOR: 018

WORKING PAPER

Target #: 0059  
Date: 22 May 90  
Time: 0912-1005  
Viewer: 052  
Session: 02

SUMMARY OF INFORMATION:

There is a tall, skinny, vertical structure which is dark and has a curved top. There are also two bright round things, one part of them is very bright. These may be the one oblong, but it is blocked by the dark structure.

There is a strong smell at the site. Something is cone shaped and something else has parallel angles that are lined up. The sight of the corner of the angles and out beyond looks shiny, smooth and flat.
