E. SESSION SUMMARY:  
 The overall site was very pretty. At times I felt that I was looking at a picture. The site has "trees" and "leaves" and it looked like a small forest. There was peace and quiet at the site. There may have been a small stream of water.

Sometimes there was "snow" at the site because I could see white on the trees and leaves. Sometimes there was not snow at the site because the leaves looked very green and peach and there was more colors.

People were absent from the site.

I did not see animals but there was a feeling that animals could be at the site.
