JUNE 26, 2006

Mr. TOWNS submitted the following resolution; which was referred to the Committee on Energy and Commerce

RESOLUTION

Expressing the sense of the House of Representatives that any reauthorization of the Ryan White CARE Act of 1990 should not impose catastrophic losses in funding for States with the highest prevalence of HIV/AIDS, and for other purposes.

Whereas full Federal funding should be authorized and appropriated to meet the needs of all persons living with AIDS and those persons living with HIV to ensure full access to a continuum of care;

Whereas good Federal fiscal principles and policies should not create disincentives for States to contribute their own resources to maintain the health, safety, and welfare of their populations; and

Whereas States with the highest prevalence of HIV/AIDS should not incur serious losses in funding in any reauthorization of the Ryan White CARE Act of 1990: Now, therefore, be it

1 *Resolved*, That it is the sense of the House of Rep-
2 resentatives that—

3 (1) full Federal funding should be authorized
4 and appropriated for all States to continue the bat-
5 tle against the HIV/AIDS epidemic; and

6 (2) any reauthorization of the Ryan White
7 CARE Act of 1990 should not impose catastrophic
8 losses in funding for States with the highest preva-
9 lence of HIV/AIDS.
