IN THE HOUSE OF REPRESENTATIVES

JULY 13, 1994

Mr. MILLER of California (by request) introduced the following bill; which was referred to the Committee on Natural Resources

---

## A BILL

To provide for the exchange of lands within Gates of the Arctic National Park and Preserve, and for other purposes.

1        *Be it enacted by the Senate and House of Representa-*  
2        *tives of the United States of America in Congress assembled,*

3        **SECTION 1. SHORT TITLE.**

4        This Act may be cited as the “Anaktuvuk Pass Land  
5        Exchange and Wilderness Redesignation Act of 1994”.

6        **SEC. 2. FINDINGS.**

7        The Congress makes the following findings:

8                (1) On December 2, 1980, the Alaska National  
9        Interest Lands Conservation Act (94 Stat. 2371) es-  
10        tablished Gates of the Arctic National Park and

1 Preserve and Gates of the Arctic Wilderness. The  
2 village of Anaktuvuk Pass, located in the highlands  
3 of the central Brooks Range, is virtually surrounded  
4 by these national park and wilderness lands and is  
5 the only village located within the boundary of a Na-  
6 tional Park System unit in Alaska.

7 (2) Unlike most other Alaskan Native commu-  
8 nities, the village of Anaktuvuk Pass is not located  
9 on a major river, lake, or coastline that can be used  
10 as a means of access. The residents of Anaktuvuk  
11 Pass have relied increasingly on snow machines in  
12 winter and all-terrain vehicles in summer as their  
13 primary means of access to pursue caribou and  
14 other subsistence resources.

15 (3) In a 1983 land exchange agreement, linear  
16 easements were reserved by the Inupiat Eskimo peo-  
17 ple for use of all-terrain vehicles across certain na-  
18 tional park lands, mostly along stream and river  
19 banks. These linear easements proved unsatisfactory,  
20 because they provided inadequate access to subsist-  
21 ence resources while causing excessive environmental  
22 impact from concentrated use.

23 (4) The National Park Service and the  
24 Nunamiut Corporation initiated discussions in 1985  
25 to address concerns over the use of all-terrain vehi-

1 cles on park and wilderness land. These discussions  
2 resulted in an agreement, originally executed in  
3 1992 and thereafter amended in 1993 and 1994,  
4 among the National Park Service, the Nunamiut  
5 Corporation, the City of Anaktuvuk Pass, and the  
6 Arctic Slope Regional Corporation. Full effectuation  
7 of this agreement, as amended, requires ratification  
8 by the Congress.

9 **SEC. 3. RATIFICATION OF AGREEMENT.**

10 (a) RATIFICATION.—

11 (1) IN GENERAL.—The terms, conditions, pro-  
12 cedures, covenants, reservations and other provisions

16 Regional Corporation, Nunamiut Corporation, City  
17 of Anaktuvuk Pass and the United States of Amer-  
18 ica” (hereinafter referred to in this Act as “the  
19 Agreement”), executed by the parties on December  
20 17, 1992, as amended, are hereby incorporated in  
21 this Act, are ratified and confirmed, and set forth

1           (2) LAND ACQUISITION.—Lands acquired by  
2           the United States pursuant to the Agreement shall  
3           be administered by the Secretary of the Interior

5           of Gates of the Arctic National Park and Preserve,  
6           subject to the laws and regulations applicable there-  
7           to.

9           and D through I to the Agreement depict the lands subject  
10          to the conveyances, retention of surface access rights, ac-  
11          cess easements and all-terrain vehicle easements. These

3 56,825 acres as wilderness and the rescission of approxi-
