## AN ACT

To provide for the exchange of lands within Gates of the Arctic National Park and Preserve, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **TITLE I—ANAKTUVUK PASS**  
4 **LAND EXCHANGE AND WIL-**  
5 **DERNESS REDESIGNATION**

6 **SEC. 101. SHORT TITLE.**

7 This title may be cited as the “Anaktuvuk Pass Land  
8 Exchange and Wilderness Redesignation Act of 1994”.

1 **SEC. 102. FINDINGS.**

2 The Congress makes the following findings:

3 (1) The Alaska National Interest Lands Con-  
4 servation Act (94 Stat. 2371), enacted on December  
5 2, 1980, established Gates of the Arctic National  
6 Park and Preserve and Gates of the Arctic Wilder-  
7 ness. The village of Anaktuvuk Pass, located in the  
8 highlands of the central Brooks Range, is virtually  
9 surrounded by these national park and wilderness  
10 lands and is the only Native village located within  
11 the boundary of a National Park System unit in  
12 Alaska.

13 (2) Unlike most other Alaskan Native commu-  
14 nities, the village of Anaktuvuk Pass is not located  
15 on a major river, lake, or coastline that can be used  
16 as a means of access. The residents of Anaktuvuk  
17 Pass have relied increasingly on snow machines in  
18 winter and all-terrain vehicles in summer as their  
19 primary means of access to pursue caribou and  
20 other subsistence resources.

21 (3) In a 1983 land exchange agreement, linear  
22 easements were reserved by the Inupiat Eskimo peo-  
23 ple for use of all-terrain vehicles across certain na-  
24 tional park lands, mostly along stream and river  
25 banks. These linear easements proved unsatisfactory,  
26 because they provided inadequate access to subsist-

1       ence resources while causing excessive environmental  
2       impact from concentrated use.

3           (4) The National Park Service and the  
4       Nunamiut Corporation initiated discussions in 1985  
5       to address concerns over the use of all-terrain vehi-  
6       cles on park and wilderness land. These discussions  
7       resulted in an agreement, originally executed in  
8       1992 and thereafter amended in 1993 and 1994,  
9       among the National Park Service, Nunamiut Cor-  
10      poration, the City of Anaktuvuk Pass, and Arctic  
11      Slope Regional Corporation. Full effectuation of this  
12      agreement, as amended, by its terms requires ratifi-  
13      cation by the Congress.

14   **SEC. 103. RATIFICATION OF AGREEMENT.**

15       (a) RATIFICATION.—

16           (1) IN GENERAL.—The terms, conditions, pro-  
17      cedures, covenants, reservations and other provisions  
18      set forth in the document entitled “Donation, Ex-  
19      change of Lands and Interests in Lands and Wilder-  
20      ness Redesignation Agreement Among Arctic Slope  
21      Regional Corporation, Nunamiut Corporation, City  
22      of Anaktuvuk Pass and the United States of Amer-  
23      ica” (hereinafter referred to in this title as “the  
24      Agreement”), executed by the parties on December  
25      17, 1992, as amended, are hereby incorporated in

1 this title, are ratified and confirmed, and set forth  
2 the obligations and commitments of the United  
3 States, Arctic Slope Regional Corporation,  
4 Nunamiut Corporation and the City of Anaktuvuk  
5 Pass, as a matter of Federal law.

7 the United States pursuant to the Agreement shall  
8 be administered by the Secretary of the Interior  
9 (hereinafter referred to as the “Secretary”) as part  
10 of Gates of the Arctic National Park and Preserve,  
11 subject to the laws and regulations applicable there-  
12 to.

13 (b) MAPS.—The maps set forth as Exhibits C1, C2,  
14 and D through I to the Agreement depict the lands subject  
15 to the conveyances, retention of surface access rights, ac-  
16 cess easements and all-terrain vehicle easements. These  
17 lands are depicted in greater detail on a map entitled  
18 “Land Exchange actions, Proposed Anaktuvuk Pass Land  
19 Exchange and Wilderness Redesignation, Gates of the  
20 Arctic National Park and Preserve”, Map No. 185/80,039,  
21 dated April 1994, and on file at the Alaska Regional Of-  
22 fice of the National Park Service and the offices of Gates  
23 of the Arctic National Park and Preserve in Fairbanks,  
24 Alaska. Written legal descriptions of these lands shall be  
25 prepared and made available in the above offices. In case

1 of any discrepancies, Map No. 185/80,039 shall be con-  
2 trolling.

3 **SEC. 104. NATIONAL PARK SYSTEM WILDERNESS.**

5 National Interest Lands Conservation Act (94 Stat. 2371,  
6 2417) establishing the Gates of the Arctic Wilderness is  
7 hereby amended with the addition of approximately  
8 56,825 acres as wilderness and the rescission of approxi-  
9 mately 73,993 acres as wilderness, thus revising the Gates  
10 of the Arctic Wilderness to approximately 7,034,832  
11 acres.

12 (b) MAPS.—The lands redesignated in subsection (a)  
13 are depicted on a map entitled “Wilderness Actions, Pro-  
14 posed Anaktuvuk Pass Land Exchange and Wilderness  
15 Redesignation, Gates of the Arctic National Park and Pre-  
16 serve”, Map No. 185/80,040, dated April 1994, and on

18 Service and the office of Gates of the Arctic National Park  
19 and Preserve in Fairbanks, Alaska.

22 ka National Interest Land Conservation Act is amended  
23 by—

14 of the lands, or interests therein, conveyed to and received  
15 by Arctic Slope Regional Corporation or Nunamiut Cor-  
16 poration pursuant to the Agreement shall be deemed con-  
17 veyed and received pursuant to exchanges under section  
18 22(f) of the Alaska Native Claims Settlement Act, as

10 Congress finds that:

11 (1) The Quinebaug and Shetucket Rivers Valley

13 spoiled and undeveloped areas in the Northeastern  
14 United States and has remained largely intact, in-  
15 cluding important aboriginal archaeological sites, ex-  
16 cellent water quality, beautiful rural landscapes,  
17 architecturally significant mill structures and mill  
18 villages, and large acreage of parks and other per-  
19 manent open space.

20 (2) The State of Connecticut ranks last among  
21 the 50 States in the amount of federally protected  
22 park and open space lands within its borders and  
23 lags far behind the other northeastern States in the  
24 amount of land set-aside for public recreation.

1           (3) The beautiful rural landscapes, scenic vistas  
2           and excellent water quality of the Quinebaug and

7           is within a 2-hour drive of the major metropolitan

13          ley represents important close-by recreational oppor-  
14          tunities for significant population.

15          (5) The existing mill sites and other structures  
16          throughout the Quinebaug and Shetucket Rivers  
17          Valley were instrumental in the development of the  
18          industrial revolution.

19          (6) The Quinebaug and Shetucket Rivers Valley  
20          contains a vast number of discovered and unre-  
21          covered Native American and colonial archaeological  
22          sites significant to the history of North America and  
23          the United States.

24          (7) The Quinebaug and Shetucket Rivers Valley  
25          represents one of the last traditional upland farming

1 and mill village communities in the northeastern  
2 United States.

3 (8) The Quinebaug and Shetucket Rivers Valley  
4 played a nationally significant role in the cultural  
5 evolution of the prewar colonial period. Leading the  
6 transformation from Puritan to Yankee, the “Great  
7 Awakening” religious revival and early political de-  
8 velopment leading up to and during the War of  
9 Independence.

10 (9) Many local, regional and State agencies,  
11 businesses, and private citizens and the New Eng-

13 whelming desire to combine forces: to work coopera-
