5 ment or repeal is expressed in terms of an amendment
6 to or repeal of a section or other provision, the reference
7 shall be considered to be made to a section or other provi-
8 sion of the Nonindigenous Aquatic Nuisance Prevention
9 and Control Act of 1990 (16 U.S.C. 4701 et seq.).

10 **SEC. 2. AMENDMENTS TO THE NONINDIGENOUS AQUATIC**
11 **NUISANCE PREVENTION AND CONTROL ACT**
12 **OF 1990.**

13 (a) FINDINGS; DEFINITIONS.—

14 (1) FINDINGS.—Section 1002(a) (16 U.S.C.
15 4701(a)) is amended—

16 (A) by striking paragraphs (2) and (3) and
17 inserting the following new paragraphs:

18 “(2) when environmental conditions are favor-
19 able, nonindigenous species become established, may
20 compete with or prey upon native species of plants,
21 fish, and wildlife, may carry diseases or parasites
22 that affect native species, and may disrupt the
23 aquatic environment and economy of affected near-
24 shore areas;

25 “(3) the zebra mussel was unintentionally intro-
26 duced into the Great Lakes and has infested—

1 “(A) waters south of the Great Lakes, into
2 a good portion of the Mississippi River drain-
3 age;

4 “(B) waters west of the Great Lakes, into
5 the Arkansas River in Oklahoma; and

6 “(C) waters east of the Great Lakes, into
7 the Hudson River and Lake Champlain;”;

8 (B) in paragraph (4)—

9 (i) by inserting “by the zebra mussel
10 and ruffe, round goby, and other non-
11 indigenous species” after “other species”;
12 and

13 (ii) by striking “and” at the end;

14 (C) in paragraph (5), by striking the pe-
15 riod and inserting a semicolon; and

16 (D) by adding at the end the following new
17 paragraphs:

18 “(6) in 1992, the zebra mussel was discovered
19 at the northernmost reaches of the Chesapeake Bay
20 watershed;

21 “(7) the zebra mussel poses an imminent risk
22 of invasion in the main waters of the Chesapeake
23 Bay;

24 “(8) since the Chesapeake Bay is the largest re-
25 cipient of foreign ballast water on the East Coast,

1 there is a risk of further invasions of other non-
2 indigenous species;

3 “(9) the zebra mussel is only one example of
4 thousands of nonindigenous species that have be-
5 come established in waters of the United States and
6 may be causing economic and ecological degradation
7 with respect to the natural resources of waters of
8 the United States;

9 “(10) since their introduction in the early
10 1980’s in ballast water discharges, ruffe—

11 “(A) have caused severe declines in popu-
12 lations of other species of fish in Duluth Har-
13 bor (in Minnesota and Wisconsin);

14 “(B) have spread to Lake Huron; and

15 “(C) are likely to spread quickly to most
16 other waters in North America if action is not
17 taken promptly to control their spread;

18 “(11) examples of nonindigenous species that,
19 as of the date of enactment of the National Invasive
20 Species Act of 1996, infest coastal waters of the
21 United States and that have the potential for caus-
22 ing adverse economic and ecological effects include—

23 “(A) the mitten crab (*Eriocheir sinensis*)
24 that has become established on the Pacific
25 Coast;

1 “(B) the green crab (*Carcinus maenas*)
2 that has become established in the coastal wa-
3 ters of the Atlantic Ocean;

4 “(C) the brown mussel (*Perna perna*) that
5 has become established along the Gulf of Mex-
6 ico; and

7 “(D) certain shellfish pathogens;

8 “(12) many aquatic nuisance vegetation species,
9 such as Eurasian watermilfoil, hydrilla, water hya-
10 cinth, and water chestnut, have been introduced to
11 waters of the United States from other parts of the
12 world causing or having a potential to cause adverse
13 environmental, ecological, and economic effects;

14 “(13) if preventive management measures are
15 not taken nationwide to prevent and control uninten-
16 tionally introduced nonindigenous aquatic species in
17 a timely manner, further introductions and infesta-
18 tions of species that are as destructive as, or more
19 destructive than, the zebra mussel or the ruffe infes-
20 tations may occur;

21 “(14) once introduced into waters of the United
22 States, aquatic nuisance species are unintentionally
23 transported and introduced into inland lakes and
24 rivers by recreational boaters, commercial barge
25 traffic, and a variety of other pathways; and

1 “(15) resolving the problems associated with
2 aquatic nuisance species will require the participa-
3 tion and cooperation of the Federal Government and
4 State governments, and investment in the develop-
5 ment of prevention technologies.”.

6 (2) DEFINITIONS.—Section 1003 (16 U.S.C.
7 4702) is amended—

8 (A) by striking paragraph (1) and redesignig-
9 nating paragraphs (2) through (8) as para-
10 graphs (1) through (7), respectively;

12 subparagraph (A) of this paragraph, by striking
13 “assistant Secretary” and inserting “Assistant
14 Secretary”;

16 through (15) as paragraphs (11) through (17),
17 respectively; and

18 (D) by inserting after paragraph (7), as
19 redesignated by subparagraph (A) of this para-
20 graph, the following:

3 1601 et seq.)) that is recognized as eligible for the
4 special programs and services provided by the Unit-
5 ed States to Indians because of their status as Indi-
6 ans;

7 “(10) ‘interstate organization’ means an en-
8 tity—

9 “(A) established by—

10 “(i) an interstate compact that is ap-
11 proved by Congress;

25 ment and 1 or more foreign governments; and

1 “(C) has jurisdiction over, serves as forum
2 for coordinating, or otherwise has a role or re-
3 sponsibility for the management of, any land or
4 other natural resource;”.

9 determined by the Secretary) with the guide-
10 lines issued pursuant to subsection (c) is inad-
11 equate; or

12 “(B) the reporting by vessels pursuant to
13 those guidelines is not adequate for the Sec-
14 retary to assess the compliance with those
15 guidelines and provide a rate of compliance of
16 vessels, including the assessment of the rate of
17 compliance of vessels under subsection (e)(2),

18 the Secretary shall promptly promulgate regulations
19 that meet the requirements of paragraph (2).

20 “(2) REQUIREMENTS FOR REGULATIONS.—The

21 not to exceed \$25,000. Each day of a continuing vio-
22 lation constitutes a separate violation. A vessel oper-
23 ated in violation of the regulations is liable in rem
24 for any civil penalty assessed under this subsection
25 for that violation.

6 quest of the Secretary, the Secretary of the Treasury
7 shall withhold or revoke the clearance of a vessel re-
8 quired by section 4197 of the Revised Statutes (46

13 section does not apply to a failure to exchange bal-
14 last water if—

16 faith, decides that the exchange of ballast water
17 will threaten the safety or stability of the vessel,
18 its crew, or its passengers; and

20 quirements of the Act are complied with.

21 “(h) COORDINATION WITH OTHER AGENCIES.—In
22 carrying out the programs under this section, the Sec-
23 retary is encouraged to use, to the maximum extent prac-
24 ticable, the expertise, facilities, members, or personnel of
25 established agencies and organizations that have routine

1 contact with vessels, including the Animal and Plant
2 Health Inspection Service of the Department of Agri-
3 culture, the National Cargo Bureau, port administrations,
4 and ship pilots' associations.

5 “(i) CONSULTATION WITH CANADA, MEXICO, AND
6 OTHER FOREIGN GOVERNMENTS.—In developing the
7 guidelines issued and regulations promulgated under this
8 section, the Secretary is encouraged to consult with the
9 Government of Canada, the Government of Mexico, and
10 any other government of a foreign country that the Sec-
11 retary, in consultation with the Task Force, determines
12 to be necessary to develop and implement an effective
13 international program for preventing the unintentional in-
14 troduction and spread of nonindigenous species.

15 “(j) INTERNATIONAL COOPERATION.—The Sec-
16 retary, in cooperation with the International Maritime Or-
17 ganization of the United Nations and the Commission on
18 Environmental Cooperation established pursuant to the
19 North American Free Trade Agreement, is encouraged to
20 enter into negotiations with the governments of foreign
21 countries to develop and implement an effective inter-
22 national program for preventing the unintentional intro-
23 duction and spread of nonindigenous species.

24 “(k) SAFETY EXEMPTION.—

1 “(1) MASTER DISCRETION.—The master of a
2 vessel is not required to conduct a ballast water ex-
3 change if the master decides that the exchange
4 would threaten the safety or stability of the vessel,
5 its crew, or its passengers because of adverse weath-
6 er, vessel architectural design, equipment failure, or
7 any other extraordinary conditions.

8 “(2) OTHER REQUIREMENTS.—(A) IN GEN-
9 ERAL.—Except as provided in subparagraph (B), a
10 vessel that does not exchange ballast water on the
11 high seas under paragraph (1) shall not be restricted
12 from discharging ballast water in any harbor.

13 “(B) GREAT LAKES.—Subparagraph (A) shall
14 not apply in a case in which a vessel is subject to
15 the regulations issued by the Secretary under sub-
16 section (b).

17 “(3) CRUDE OIL TANKER BALLAST FACILITY
18 STUDY.—(A) Within 60 days of the date of enact-
19 ment of this Act, the Secretary of the department in
20 which the Coast Guard is operating, in consultation
21 with the Under Secretary of Commerce for Oceans
22 and Atmosphere, affected shoreside ballast water fa-
23 cility operators, affected crude oil tanker operators,
24 and interested parties, shall initiate a study of the
25 effectiveness of existing shoreside ballast water fa-

1 facilities used by crude oil tankers in the coastwise
2 trade off Alaska in preventing the introduction of
3 nonindigenous aquatic species into the waters off
4 Alaska, as well as the cost and feasibility of modify-
5 ing such facilities to improve such effectiveness.

6 “(B) The study required under subparagraph
7 (A) shall be submitted to the Congress by no later
8 than October 1, 1997.

9 “(I) NON-DISCRIMINATION.—The Secretary shall en-
10 sure that vessels registered outside of the United States
11 do not receive more favorable treatment than vessels reg-
12 istered in the United States when the Secretary performs
13 studies, reviews compliance, determines effectiveness, es-
14 tablishes requirements, or performs any other responsibil-
15 ities under this Act.”.

13 cooperation with the Secretary, shall conduct
14 ecological surveys of the Chesapeake Bay, San
15 Francisco Bay, and Honolulu Harbor and, as
16 necessary, of other estuaries of national signifi-
17 cance and other waters that the Task Force de-
18 termines—

19 “(i) to be highly susceptible to inva-
20 sion by aquatic nuisance species resulting
21 from ballast water operations and other
22 operations of vessels; and

23 “(ii) to require further study.

24 “(B) REQUIREMENTS FOR SURVEYS.—In
25 conducting the surveys under this paragraph,
