9 who terminates such coverage (or terminates
10 enrollment under health insurance coverage
11 that contains medisave cash benefit coverage),
12 the coverage meets the portability rules of this
13 subparagraph if, under the terms of such cov-
14 erage, the individual is permitted (as elected by
15 the individual)—

16 (i) to have an amount equal to all or
17 some of the amount of benefits accumu-
18 lated under such coverage paid towards the

20 health plan or health insurance coverage
21 providing coverage for the individual, and

22 (ii) to have an amount equal to all or
23 some of the remaining balance transferred

17 urban consumers for the previous year, exceeds (B)
18 the average of the monthly consumer price indexes
19 for all urban consumers for such first year. If any
20 increase under the preceding sentence does not re-

7 **PREEXISTING CONDITION EXCLUSIONS.**

8 (a) IN GENERAL.—Except as provided in subsection
9 (b), an insurer offering health insurance coverage in the
10 individual market may deny, or impose a limitation or ex-
11 clusion of, covered benefits relating to treatment of a con-
12 dition based on health status, based on claims experience
13 of an individual, based on receipt of health care by an indi-

15 based on the fact that the condition preexisted the effec-
16 tive date of coverage of the individual, only if—

17 (1) the condition relates to a condition that was
18 diagnosed or treated within a period of not to exceed
19 6 months before the date of such coverage; and

20 (2) the limitation or exclusion extends over a
21 period of not to exceed 12 months after the date of
22 such coverage.

23 In the case of an individual who is eligible for coverage
24 but for a waiting period imposed by an insurer, in applying
25 paragraphs (1) and (2), the individual shall be treated as

1 having had such coverage as of the beginning of the wait-
2 ing period.

3 (b) SPECIAL RULE FOR HEALTH INSURANCE COV-
4 ERAGE OFFERED IN THE INDIVIDUAL MARKET.—Not-
5 withstanding subsection (a), an insurer may offer an indi-
6 vidual health insurance coverage in the individual market
7 which imposes a limitation or exclusion based on a pre-
8 existing condition but only if—

9 (1) the condition relates to a condition that was
10 not diagnosed or treated within a period (that ex-
11 ceeds 6 months but does not exceed 12 months) be-
12 fore the date of such coverage; and

13 (2) the limitation or exclusion extends over a
14 period that does not exceed 12 months after the date
15 of such coverage.

16 (c) NO COVERAGE OF SPECIFIC TREATMENT, PRO-
17 CEDURES, OR CLASSES REQUIRED.—Nothing in this sec-
18 tion may be construed to require the coverage of any spe-
19 cific procedure, treatment, or service as part of health in-
20 surance coverage under this Act or through regulation.

21 (d) APPLICATION OF RULES BY CERTAIN HEALTH
22 MAINTENANCE ORGANIZATIONS.—A health maintenance
23 organization that offers health insurance coverage shall
24 not be considered as failing to meet the requirements of
25 section 1301 of the Public Health Service Act notwith-

1 standing that it provides for an exclusion of the coverage
2 based on a preexisting condition consistent with the provi-
3 sions of this part so long as such exclusion is applied con-
4 sistent with the provisions of this part.

5 (e) APPLICABILITY TO LATE ENROLLMENT UNDER
6 ASSOCIATION COVERAGE.—In the case of association cov-
7 erage (as defined in section 2021(b)(4)(B)), this section
8 applies in the case of any individual with respect to whom
9 coverage is elected upon initially becoming eligible for cov-
10 erage or in connection with any subsequent enrollment pe-
11 riods.

12 (f) AFFILIATION PERIOD ALTERNATIVE TO PRE-
13 EXISTING CONDITION LIMITATION.—An insurer offering
14 health insurance coverage in the individual market which
15 does not use the preexisting limitations allowed under this
16 section and section 2002 may impose an affiliation period.
17 For purposes of this subsection, the term “affiliation pe-

19 (1) not to exceed 90 days in the case of an indi-
20 vidual first becoming eligible under such coverage,
21 and

4 **SEC. 2002. PORTABILITY.**

5 (a) IN GENERAL.—Each insurer offering health in-
6 surance coverage in the individual market shall provide
7 that if a covered individual is in a period of continuous

10 erage from covered benefits with respect to a preexisting
11 condition (as permitted to be excluded under section 2001)
12 shall be reduced by at least 1 month for each month in
13 the period of continuous coverage. A covered individual
14 may be treated by an insurer as not being in a period
15 of continuous coverage if, upon the request of the insurer,
16 the covered individual does not present satisfactory docu-
17 mentation of such period of continuous coverage. The Sec-
18 retary may prescribe regulations defining standards for
19 satisfactory documentation for purposes of this subsection.

4 who is covered at the time of adoption and remains
5 in a period of continuous coverage shall not be con-
6 sidered, beginning on the date of adoption, to have
7 any preexisting condition.

9 (1) IN GENERAL.—In this part, the term “pe-
10 riod of continuous coverage” means the period—

11 (A) beginning on the date an individual be-
12 comes covered under a group health plan or
13 health insurance coverage (or coverage under a
14 public plan providing medical benefits), and

15 (B) ending on the date the individual does
16 not have such coverage for a continuous period
17 of more than 3 months,

18 if such period is documented in such form and man-
19 ner as may be prescribed in regulations of the Sec-
20 retary.

21 (2) SPECIAL RULE.—For purposes of para-

23 a State, or, in the case of an insurer that is a health
24 maintenance organization or that provides coverage
25 through a network plan in a geographic area.

1 (b) NOTICE REQUIREMENT FOR MARKET EXIT.—
2 Subsection (a)(4) shall not apply to an insurer ceasing to
3 provide coverage in the individual market unless the in-
4 surer provides notice of such termination to individuals
5 covered at least 180 days before the date of termination
6 of coverage.

7 (c) LIMITATION ON REENTRY IN INDIVIDUAL MAR-
8 KET.—If an insurer ceases to offer health insurance cov-
9 erage or a type of coverage in an area with respect to the
10 individual market, the insurer may not offer such coverage
11 (or type of coverage) in the area in such market until 5
12 years after the date of the termination.

13 (d) TYPE OF COVERAGE DEFINED.—In this section,
14 general coverage, catastrophic coverage, and medisave cov-

6 insurance coverage offered by insurers in the individ-
7 ual market, in consultation with appropriate parties
8 (including representatives of health care providers,
9 specialists, insurers, plan administrators, and other
10 experts), and provides for a process for the periodic
11 review and update of such standards, such standards
12 shall be the standards applied under this section.

13 (2) CONTINGENCY.—If the Secretary of Health
14 and Human Services makes a determination con-
15 trary to the determination described in paragraph
16 (1), such Secretary shall submit such determination
17 in writing to each House of the Congress.

18 (c) REQUIREMENTS FOR STANDARDS.—The stand-

1 work, in a manner that assures the continuity of the
2 provision of such items and services,

3 (2) the extent to which emergency services are

9 provide items or services to covered individuals,

18 into contracts (other than a contract providing
19 for employment of an employee) with health
20 care providers with respect to the provider net-
21 work,

22 (B) such standards are established pursu-
23 ant to a mechanism which provides for receipt
24 and consideration of recommendations of the

1 providers who are members of the provider net-
2 work,

3 (C) written notification to the provider is
4 required to terminate or to refuse to renew the
5 agreement and, unless otherwise provided in the
6 agreement and if requested by the provider,
7 written notification to the provider of the rea-
8 sons for such termination or refusal is also re-

10 (D) unless otherwise provided in the agree-
11 ment and if requested by the provider, internal
12 review of any such decision to terminate or to
13 refuse renewal is provided for under the pro-

20 ORGANIZATIONS.—The requirements of paragraph
21 (1)(A) (with regard to requiring a fee-for-service op-
22 tion) and paragraph (1)(B) shall not apply with re-
23 spect to health insurance coverage that is offered
24 by—

25 (A) a health maintenance organization, or

1 (B) any other entity if such other entity
2 does not provide for a fee-for-service option.

3 (3) COVERAGE OPTIONS.—For purposes of this
4 subsection—

5 (A) FEE-FOR-SERVICE OPTION.—General
6 coverage is considered to provide a “fee-for-
7 service option” if benefits with respect to the
8 covered items and services in the coverage are
9 made available for such items and services pro-
10 vided through any lawful provider of such cov-
11 ered items and services.

12 (B) MANAGED CARE OPTION.—General
13 coverage is considered to provide a “managed
14 care option” if benefits with respect to the cov-
15 ered items and services in the coverage are
16 made available exclusively through a managed
17 care arrangement, except in the case of emer-
18 gency and urgent services and as otherwise re-
19 quired under law.

20 (C) POINT-OF-SERVICE OPTION.—General
21 coverage is considered to provide a “point-of-
22 service option” if the benefits with respect to
23 covered items and services in the coverage are
24 made available principally through a managed
25 care arrangement, with the choice of the cov-

1 ered individual to obtain such benefits for items
2 and services provided through any lawful pro-
3 vider of such covered items and services. The
4 coverage may provide for different cost sharing
5 schedules based on whether the items and serv-
6 ices are provided through such an arrangement
7 or outside such an arrangement.

8 (4) CONSTRUCTION WITH RESPECT TO ASSOCIA-
9 TION COVERAGE.—Nothing in paragraph (1) or sub-
10 section (b)(1) shall be construed as requiring the
11 general, catastrophic, or medisave coverage made
12 available by an insurer in the individual market in
13 a State as association coverage (as defined in sub-
14 section (b)(4)(B)) to be the same as the general,
15 catastrophic, or medisave coverage offered in the
16 State in the individual market not as such associa-
17 tion coverage.

18 (b) ISSUANCE OF COVERAGE.—

19 (1) IN GENERAL.—Subject to the succeeding
20 paragraphs of this subsection and subsection (a)(4),
21 each insurer that offers general, catastrophic, or
22 medisave coverage to an eligible individual in the in-
23 dividual market in a State must accept every such
24 individual in the State, to the extent so eligible, that
25 applies for such coverage.

1 (2) SPECIAL RULES FOR HEALTH MAINTENANCE ORGANIZATIONS.—In the case of an insurer
2 that is an health maintenance organization or that
3 provides coverage through a network plan in the individual market, the insurer may—

4 (A) limit the individuals that may apply
5 for such coverage to those with individuals residing in the service area of such organization
6 or plan; and

7 (B) within the service area of such organization or plan, deny such coverage to such individuals if the insurer demonstrates that—

8 (i) it will not have the capacity to deliver services adequately to additional individuals because of its obligations to existing group contract holders and enrollees,

9 (ii) it is applying this subparagraph uniformly to all individuals without regard to the health status, claims experience, or duration of coverage, and

10 (iii) it will not offer coverage to such individuals within such service area for a period of at least 180 days after such coverage is denied.

1 (3) SPECIAL RULE FOR FINANCIAL CAPACITY
2 LIMITS.—An insurer may deny health insurance cov-
3 erage to individuals if the insurer demonstrates
4 that—

5 (A) it does not have the financial reserves
6 necessary to underwrite additional coverage,

7 (B) it is applying this paragraph uniformly
8 to all individuals without regard to the health
9 status, claims experience, or duration of cov-
10 erage, and

11 (C) it shall not offer coverage to such indi-
12 viduals within such service area for a period of
13 at least 180 days after such coverage is denied.

14 (4) SPECIAL RULE FOR ASSOCIATION COV-
15 ERAGE.—

16 (A) IN GENERAL.—In the case of associa-
17 tion coverage (as defined in subparagraph (B))
18 in the individual market, an insurer may re-
19 strict the coverage to individuals who are bona
20 fide members in the association and who apply
21 for enrollment on a timely basis (consistent
22 with subparagraphs (B) through (F)).

23 (B) ASSOCIATION COVERAGE DEFINED.—
24 In this paragraph, the term “association cov-
25 erage” means coverage provided through an as-

1 society (such as a trade association, industry
2 association, or professional association) to its
3 members, but only if such association—

4 (i) has been (together with its imme-
5 diate predecessor, if any) organized and
6 maintained for a continuous period of not
7 less than 3 years before the date of the ini-
8 tiation of such coverage, and

9 (ii) is organized and maintained in
10 good faith, with a constitution and bylaws
11 specifically stating its purpose, for sub-
12 stantial purposes other than providing
13 such coverage.

14 (C) GENERAL INITIAL ENROLLMENT RE-
15 QUIREMENT.—Except as provided in subpara-
16 graphs (D) through (F), enrollment of an indi-
17 vidual for general, catastrophic, or medisave
18 coverage may be considered not to be timely if
19 the individual fails to enroll under such cov-
20 erage during an initial enrollment period, if
21 such period is at least 30 days long.

22 (D) ENROLLMENT DUE TO LOSS OF PRE-
23 VIOUS COVERAGE.—Enrollment under general,
24 catastrophic, or medisave coverage is considered
25 to be timely in the case of an individual who—

1 (i) was covered under a group health
2 plan or had other health insurance cov-
3 erage at the time of the individual's initial
4 enrollment period,

5 (ii) stated at the time of the initial en-
6 rollment period that coverage under a
7 group health plan or other health insur-
8 ance coverage was the reason for declining
9 enrollment,

10 (iii) lost coverage under a group
11 health plan or other health insurance cov-
12 erage (as a result of the termination of the
13 coverage, termination of employment, re-
14 duction or hours of employment, or other
15 reason other than a reason described in
16 paragraph (1) or (2) of section 2003(a)),
17 and

18 (iv) requests enrollment within 30
19 days after termination of the coverage.

20 (E) REQUIREMENT APPLIES DURING OPEN
21 ENROLLMENT PERIODS.—Each insurer provid-
22 ing association coverage in the individual mar-
23 ket shall provide for at least one period (of not
24 less than 30 days) each year during which en-
25 rollment under such coverage shall be consid-

1 ered to be timely. A late enrollment penalty
2 may apply with respect to any subsequent pe-
3 riod (not to extend beyond the effective date of
4 the next such enrollment period).

5 (F) ENROLLMENT OF DEPENDENTS.—

6 (i) IN GENERAL.—If association cov-
7 erage includes coverage of dependents, en-
8 rollment of an individual who is a spouse
9 or child of a covered individual shall be
10 considered to be timely if a request for en-
11 rollment is made either—

12 (I) within 30 days of the date of
13 the marriage or of the date of the
14 birth or adoption of such child, if fam-
15 ily coverage is available as of such
16 date, or

17 (II) within 30 days of the date
18 family coverage is first made avail-
19 able.

20 (ii) COVERAGE.—If available associa-
21 tion coverage includes family coverage and
22 enrollment is made under such coverage on
23 a timely basis under clause (i)(I), the cov-
24 erage shall become effective not later than
25 the first day of the first month beginning

1 after the date the completed request for
2 enrollment is received.

3 (5) CONDITIONS OF COVERAGE APPLICABLE TO
4 CERTAIN INDIVIDUALS.—

5 (A) IN GENERAL.—An insurer may offer
6 or deny coverage under paragraph (1) with re-
7 spect to an individual who would be expected to
8 incur disproportionately high health care costs
9 and who is a resident of a State under terms
10 and conditions that may involve risk adjustment
11 mechanisms, high-risk pools, or other mecha-
12 nisms described in subparagraph (B).

13 (B) INSURANCE MECHANISMS.—The Sec-
14 retary shall request the NAIC to develop (in
15 consultation with the American Academy of Ac-
16 tuaries), within 12 months after the date of the
17 enactment of this Act, a definition of individ-
18 uals who would be expected to incur dispropor-
19 tionately high health care costs and mechanisms
20 relating to risk adjustment mechanisms, high-
21 risk pools, or other mechanisms to provide addi-
22 tional access to health insurance coverage for
23 such individuals. If the NAIC develops such a
24 definition and mechanisms within such period,
25 the Secretary shall review the definition and

1 mechanisms. Such review shall be completed
2 within 120 days after the date the definition
3 and mechanisms are developed. Unless the Sec-
4 retary determines within such period that such
5 definition and mechanisms do not meet the re-
6 quirements of this paragraph, such definition
7 and mechanisms shall serve as the definition
8 and mechanisms applicable under subparagraph
9 (A), with such amendments as the Secretary
10 deems necessary.

11 (c) DEFINITIONS.—In this section—

12 (1) the term “eligible individual”, at the elec-
13 tion of the insurer, may exclude an individual eligi-
14 ble for coverage under a group health plan; and

15 (2) the term “group health plan” has the mean-
16 ing given such term under section 3(42) of the Em-
17 ployee Retirement Income Security Act of 1974.

18 **SEC. 2022. USE OF FAIR RATING, UNIFORM MARKETING MA-**
19 **TERIALS, AND MISCELLANEOUS CONSUMER**
20 **PROTECTIONS.**

21 (a) USE OF FAIR RATING.—

22 (1) IN GENERAL.—As a standard under section
23 2101(a), subject to the succeeding paragraphs of
24 this subsection, the premium rates established by an
25 insurer for general, catastrophic, or medisave cov-

1 erage in the individual market may not vary except
2 by the following:

3 (A) AGE.—By age.

4 (B) GEOGRAPHIC AREA.—By geographic
5 area, based on 3-digit zip code or counties, as
6 identified by the Secretary in consultation with
7 the NAIC and the States involved.

8 (C) FAMILY CLASS.—By family class,
9 based on classes of family coverage established
10 by the Secretary, in consultation with the NAIC
11 and the States.

12 (D) BENEFIT DESIGN.—By benefit design
13 of coverage, including by type of coverage, such
14 as general, catastrophic, and medisave coverage
15 and by type of coverage option (described in
16 section 2021(a)(3)) with respect to general cov-
17 erage.

18 (E) 12-MONTH SURCHARGE FOR LESS RE-
19 STRICTIVE PRE-EXISTING CONDITION EXCLU-
20 SION.—By whether coverage is being provided
21 pursuant to section 2001(a) (relating to a less
22 restrictive pre-existing condition exclusion), and
23 which is not described in section 2001(b), but
24 only during the first 12 months in which such
25 coverage is provided.

1 (F) ADMINISTRATIVE CATEGORIES.—By
2 permitted expense category, based on dif-
3 ferences in expenses among such categories,
4 consistent with subsection (b).

5 (2) TREATMENT OF ASSOCIATIONS AS SEPA-
6 RATE POOLS.—

7 (A) IN GENERAL.—At the election of an
8 insurer, the provisions of this section may be
9 applied separately with respect to all individuals
10 who are provided association coverage (as de-
11 fined in section 2021(b)(4)(B)).

12 (B) 5-YEAR RULE.—An election under sub-
13 paragraph (A) may not be made (or revoked)
14 more frequently than once every 5 years.

15 (3) TREATMENT OF PERMANENT HEALTH IN-
16 SURANCE POLICIES.—Paragraph (1) shall not apply
17 in connection with a permanent policy of health in-
18 surance existing on the effective date specified in
19 section 2104, if each individual covered under the
20 policy is given the option to convert the policy to a
21 policy of health insurance that is subject to this sub-
22 title and that meets the requirements of this section.

23 (4) ADDITIONAL VARIATIONS IN RENEWAL PRE-
24 MIUMS PERMITTED FOR CLAIMS EXPERIENCE WITH-
25 IN CLASS OF BUSINESS.—

1 (A) IN GENERAL.—Subject to the succeed-
2 ing provisions of this paragraph and unless an
3 alternative method is provided under standards
4 established under section 2021 with respect to
5 permissible variations for renewal premiums,
6 for a class of business of an insurer in the indi-
7 vidual market, with respect to individuals with
8 similar demographic and other similar objective
9 characteristics (not relating to claims experi-
10 ence, health status, occupation, or duration of
11 coverage since issue) for the same or similar
12 coverage, the insurer offering health insurance
13 coverage in the individual market may vary the
14 renewal premiums charged during a rating pe-
15 riod based on claims experience so long as the
16 highest rates which could be charged to such in-
17 dividuals under the rating system for that class
18 of business does not exceed the following per-
19 centage of the base premium rate for the class
20 of business for the rating period:

21 (i) For a rating (or portion thereof)
22 that occurs in the first 2 years in which
23 this section is in effect, 200 percent.

24 (ii) For a rating (or portion thereof)
25 that occurs in a succeeding year, a per-

1 centage specified in any regulation of the
2 Secretary that may be prescribed under
3 paragraph (6).

4 (B) LIMIT ON TRANSFER OF INDIVIDUALS
5 AMONG CLASSES OF BUSINESS.—In carrying
6 out subparagraph (A), an insurer offering
7 health insurance coverage in the individual mar-
8 ket may not involuntarily transfer an individual
9 into or out of a class of business. An insurer
10 providing such coverage may not offer to trans-
11 fer an individual into or out of a class of busi-
12 ness unless such offer is made to transfer all in-
13 dividuals in the class of business without regard
14 to demographic characteristics, claim experi-
15 ence, health status, occupation, or duration
16 since issue.

17 (C) DEFINITIONS.—In this paragraph:

18 (i) BASE PREMIUM RATE.—The term
19 “base premium rate” means, for each class
20 of business for each rating period, the low-
21 est premium rate charged or which could
22 have been charged under a rating system
23 for that class of business by the insurer to
24 individuals in the individual market with
25 similar demographic characteristics and

1 other similar objective characteristics (not
2 relating to claims experience, health status,
3 occupation, or duration of coverage since
4 issue) for the same or similar health insur-
5 ance coverage.

6 (ii) CLASS OF BUSINESS.—The term
7 “class of business” means, with respect to
8 an insurer, all (or a distinct group of) indi-
9 viduals in the individual market as shown
10 on the records of the insurer.

11 (iii) RULES FOR ESTABLISHING
12 CLASSES OF BUSINESS.—For purposes of
13 clause (ii)—

14 (I) an insurer offering health in-
15 surance coverage in the individual
16 market may establish, subject to
17 subclause (II), a distinct group of in-
18 dividuals on the basis that the appli-
19 cable health insurance coverage either
20 is marketed and sold through individ-
21 uals and organizations which are not
22 participating in the marketing or sale
23 of other distinct groups of individuals
24 for the insurer or has been acquired

1 from another insurer as a distinct
2 group; and

3 (II) such an insurer may not es-
4 tablish more than 2 groupings under
5 each class of business based on the in-
6 surer's use of managed-care tech-
7 niques if the techniques are expected
8 to produce substantial variation in
9 health care costs.

10 (iv) DEMOGRAPHIC CHARACTERIS-
11 TICS.—The term “demographic character-
12 istics” means age (based upon classes es-
13 tablished under paragraph (1)(A)), gender,
14 geographic area (based upon areas identi-
15 fied under paragraph (1)(B)), and family
16 composition (based upon family classes es-
17 tablished under paragraph (1)(C)).

18 (5) ADDITIONAL VARIATIONS IN INITIAL PRE-
19 MIUMS PERMITTED FOR UNDERWRITING CHARAC-
20 TERISTICS.—

21 (A) IN GENERAL.—For a class of business
22 of an insurer, with respect to individuals in the
23 individual market with similar demographic and
24 other similar objective characteristics (not relat-
25 ing to claims experience, health status, occupa-

1 tion, or duration of coverage since issue), for
2 the same or similar coverage, the insurer offer-
3 ing health insurance coverage in such market
4 may vary the initial premiums charged on the
5 basis of prior claims experience, health status,
6 occupation, and other underwriting characteris-
7 tics so long as the highest rates which could be
8 charged to such individuals under the rating
9 system for that class of business does not ex-
10 ceed the following percentage of the base pre-
11 mium rate for the class of business for the rat-
12 ing period:

13 (i) For a rating (or portion thereof)
14 that occurs in the first 2 years in which
15 this section is in effect, 200 percent.

16 (ii) For a rating (or portion thereof)
17 that occurs in a succeeding year, a per-
18 centage specified in any regulation of the
19 Secretary that may be prescribed under
20 paragraph (6).

21 (B) DEFINITIONS.—In this paragraph:

22 (i) BASE PREMIUM RATE.—The term
23 “base premium rate” means, for each class
24 of business, the lowest premium rate
25 charged or which could have been charged

1 under a rating system for that class of
2 business by the insurer to individuals in
3 the individual market with similar demo-
4 graphic characteristics and other similar
5 objective characteristics (not relating to
6 claims experience, health status, occupa-
7 tion, or duration of coverage since issue)
8 for the same or similar health insurance
9 coverage.

10 (ii) OTHER DEFINITIONS.—Clause (ii)
11 (relating to class of business), clause (iii)
12 (relating to rules for establishing classes of
13 business), and clause (iv) (relating to de-
14 mographic characteristics) of paragraph
15 (4)(C) shall also apply with respect to this
16 paragraph.

17 (6) GRADUATED REDUCTION IN ALLOWABLE
18 PERCENTAGES OF BASE PREMIUM RATE.—The Sec-
19 retary shall request the NAIC to determine (in con-
20 sultation with the American Academy of Actuaries),
21 within 12 months after the date of the enactment of
22 this Act, whether model regulations that provide for
23 a schedule of graduated reductions in the percent-
24 ages of the base premium rates allowable under each
25 of paragraphs (4)(A)(ii) and (5)(A)(ii) can be devel-

1 oped without adversely affecting coverage rates and
2 affordability of coverage. If the NAIC makes such a
3 determination and develops such model regulations
4 providing for such schedules, the Secretary shall re-
5 view the schedules provided in such model regula-
6 tions. Such review shall be completed within 120
7 days after the date the regulations are developed.
8 Unless the Secretary determines within such period
9 that any schedule provided in such model regulations
10 for paragraph (4)(A)(ii) or (5)(A)(ii) does not meet
11 the requirements of this subsection, such schedule
12 shall serve as the schedule applicable under such
13 paragraph, with such amendments as the Secretary
14 deems necessary. The Secretary shall provide for
15 public comment in connection with the regulations
16 during such 120-day period and in advance of any
17 determination by the Secretary.

18 (b) ADMINISTRATIVE VARIATIONS.—Expense cat-
19 egories shall be established under subsection (a)(1)(F) by
20 an insurer in a manner that only reflects differences based
21 on marketing, commissions, and similar expenses.

22 (c) FULL DISCLOSURE OF APPLICABLE RATING
23 PRACTICES.—At the time an insurer offers health insur-
24 ance coverage in the individual market, the insurer shall
25 fully disclose to the individual, at the request of an individ-

1 ual, rating practices for health insurance coverage applica-
2 ble to that individual, including rating practices for dif-
3 ferent benefit designs offered to the individual.

4 (d) ACTUARIAL CERTIFICATION.—Each insurer that
5 offers health insurance coverage in the individual market
6 in a State shall file annually with the State commissioner
7 of insurance, to the extent required by such commissioner,
8 a written statement by a member of the American Acad-
9 emy of Actuaries (or other individual acceptable to the
10 commissioner) that, based upon an examination by the in-
11 dividual which includes a review of the appropriate records
12 and of the actuarial assumptions of the insurer and meth-
13 ods used by the insurer in establishing premium rates for
14 applicable health insurance coverage—

15 (1) the insurer is in compliance with the appli-
16 cable provisions of this section, and

17 (2) the rating methods are actuarially sound.

18 Each such insurer shall retain a copy of such statement
19 for examination at its principal place of business.

20 (e) REGISTRATION AND REPORTING.—Each insurer
21 that offers any health insurance coverage in the individual
22 market in a State shall be registered or licensed with the
23 State commissioner of insurance and shall comply with
24 any reporting requirements of the commissioner relating
25 to such coverage.

1 (f) **MARKETING MATERIAL.**—Each insurer that of-
2 fers any health insurance coverage in the individual mar-
3 ket in a State shall file with the State those marketing
4 materials relating to the offer and sale of health insurance
5 coverage to be used for distribution before the materials
6 are used. Such materials shall be in a uniform format,
7 as may be provided under standards established under sec-
8 tion 2101.

9 **Subtitle B—Establishment of**
10 **Standards; Enforcement; Effec-**
11 **tive Dates**

12 **SEC. 2101. ESTABLISHMENT OF STANDARDS.**

13 (a) **ROLE OF NAIC.**—

14 (1) **IN GENERAL.**—The Secretary of Health and
15 Human Services shall request the NAIC to develop,
16 within 12 months after the date of the enactment of
17 this Act, model regulations that specify standards
18 with respect to the requirements of subtitle A.

19 (2) **REVIEW BY SECRETARY.**—If the NAIC de-
20 velops recommended regulations specifying the
21 standards with respect to the requirements of sub-
22 title A within the 12-month period referred to in
23 paragraph (1), the Secretary shall review the stand-
24 ards. Such review shall be completed within 120
25 days after the date the regulations are developed.

1 (3) REQUIREMENTS.—Except with respect to
2 the requirements of section 2011 and 2012, unless
3 the Secretary determines within such 120-day period
4 that—

5 (A) the standards do not effectively provide
6 for the application of requirements of sections
7 2001, 2002, and 2003 to insurers in a manner
8 and to an extent equivalent in substance to the
9 manner and extent to which the requirements
10 apply to group health plans under section 821
11 of the Employee Retirement Income Security
12 Act of 1974 (as added by the ERISA Targeted
13 Health Insurance Reform Act of 1995), or

14 (B) the standards do not otherwise meet
15 the requirements of subtitle A,

16 such standards shall serve as the standards under
17 this section, with such amendments as the Secretary
18 deems necessary.

19 (4) REQUIREMENTS RELATING TO MANAGED
20 CARE AND UTILIZATION REVIEW.—If the Secretary
21 determines under section 2011(b)(1) that a private
22 entity has established standards for provider net-
23 works consistent with section 2011(c), the standards
24 established under this section with respect to the re-
25 quirements of section 2011 shall consist of the

1 standards recognized or established under section
2 2011. If the Secretary determines under section
3 2012(b)(1) that a private entity has established
4 standards for utilization review programs that are
5 consistent with section 2012(c), the standards estab-
6 lished under this section with respect to the require-
7 ments of section 2012 shall consist of the standards
8 recognized or established under section 2012.

9 (5) PUBLIC COMMENT.—The Secretary shall
10 provide for public comment in connection with the
11 standards during such 120-day period and in ad-
12 vance of any determination by the Secretary.

13 (b) CONTINGENCY.—If the NAIC does not develop
14 such model regulations within such period or the Secretary
15 makes the determination described in subsection (a), the
16 Secretary shall specify, within 24 months after the date
17 of the enactment of this Act, standards to carry out those
18 requirements.

19 (c) DEFINITIONS.—In this title, the term “section
20 2101 standards” means the standards established under
21 this section.

22 **SEC. 2102. ENFORCEMENT.**

23 (a) VOLUNTARY ENFORCEMENT BY STATES.—

24 (1) IN GENERAL.—Each State that desires to
25 enforce the section 2101 standards with respect to

1 insurers shall submit to the Secretary of Health and
2 Human Services, by the deadline specified in para-
3 graph (2), a report on the program the State has es-
4 tablished by such deadline and consistent with sec-
5 tion 2104 to implement and enforce such standards.

6 (2) DEADLINE.—

7 (A) 1 YEAR AFTER FINAL MODEL REGULA-
8 TIONS.—Subject to subparagraph (B), the
9 deadline under this paragraph is 1 year after
10 the date model regulations are established
11 under section 2101.

12 (B) EXCEPTION FOR LEGISLATION.—In
13 the case of a State which the Secretary of
14 Health and Human Services identifies, in con-
15 sultation with the NAIC, as—

16 (i) requiring State legislation (other
17 than legislation appropriating funds) in
18 order for insurers to meet the section 2101
19 standards provided under such model regu-
20 lations, but

21 (ii) having a legislature which is not
22 scheduled to meet in 1996 in a legislative
23 session in which such legislation may be
24 considered,

1 the date specified in this paragraph is the first
2 day of the first calendar quarter beginning after
3 the close of the first legislative session of the
4 State legislature that begins on or after Janu-
5 ary 1, 1997. For purposes of the previous sen-
6 tence, in the case of a State that has a 2-year
7 legislative session, each year of such session
8 shall be deemed to be a separate regular session
9 of the State legislature.

10 (3) NO FEDERAL MANDATE ON STATES.—Noth-
11 ing in this subsection shall be construed as imposing
12 a requirement on a State. The establishment by a
13 State of an enforcement program under this sub-
14 section is voluntary.

15 (b) FEDERAL ROLE.—

16 (1) STATE ENFORCEMENT EXCLUSIVE OF FED-
17 ERAL ENFORCEMENT.—If the Secretary determines
18 that a State has submitted a report by the deadline
19 specified under subsection (a)(2) and finds that the
20 State has provided for implementation and enforce-
21 ment of the section 2101 standards, such implemen-
22 tation and enforcement shall be carried out exclu-
23 sively under State law.
