AUGUST 1, 2001

Referred to the House Calendar and ordered to be printed

CONCURRENT RESOLUTION

Expressing support for a National Reflex Sympathetic
Dystrophy (RSD) Awareness Month.

Whereas reflex sympathetic dystrophy (RSD) is an extremely painful progressive disease of the nervous system resulting from a simple trauma, infection, or surgery that can lead to chronic inflammation, spasms, burning pain, stiffness, and discoloration of the skin, muscles, blood vessels, and bones;

Whereas RSD can strike at any time, and currently afflicts an estimated 7 million children and adults, the majority of whom are women;

Whereas RSD is a complex and little-known disease, inhibiting the early diagnosis and treatment needed for recovery and contributing to dismissals of patients' pain and suffering;

Whereas there is no known cure for RSD and treatment involves multiple medications and therapies with costs that can be prohibitive;

Whereas Betsy Herman established the RSDHope Teen Corner in 1998 and she and countless other advocates have worked tirelessly to provide information and support to RSD sufferers and their families and friends and to bring national attention to this crippling disease; and

Whereas each May is Reflex Sympathetic Dystrophy Awareness Month, the goal of which is to educate the public about the nature and effects of this terrible disease: Now, therefore, be it

- 1 *Resolved by the House of Representatives (the Senate*
- 2 *concurring)*, That it is the sense of the Congress that—
- 3 (1) all Americans should take an active role in
- 4 combatting reflex sympathetic dystrophy (RSD) by
- 5 recognizing its symptoms (which often follow an in-

1 jury or surgery), such as constant burning pain, skin
2 irritation, inflammation, muscle spasms, fatigue, and
3 insomnia;

4 (2) national and community organizations
5 should be recognized and applauded for their work
6 in promoting awareness about RSD and for pro-
7 viding information and support to its sufferers;

8 (3) health care providers should continue to in-
9 crease their efforts to diagnose the disease in its ear-
10 liest possible stages to increase the likelihood of re-
11 mission; and

12 (4) the Federal Government has a responsibility
13 to—

14 (A) endeavor to raise awareness about the
15 importance of the early detection and proper
16 treatment of RSD;

17 (B) work to increase research funding so
18 that the causes of, and improved treatment and
19 cure for, RSD may be discovered; and

20 (C) continue to consider ways to improve
21 access to, and the quality of, health care serv-
22 ices for detecting and treating RSD.
