DEPARTMENT OF THE AIR FORCE   6924TH ESS REGULTION 55-2
6924th Electronic Security Squadron (ESC)
Wheeler Air Force Base HI 96854   25 July 1984

                              Operations

                    RESOURCE STATUS REPORTS (RSR)

This regulation sets up rules for reporting gains, losses, or changes in the
capability of ESC Master Program (MP) equipment, and other communications
equipment. It applies to personnel assigned to the 6924 ESS.

1. Responsibilities:

     a. Mission supervisors report equipment-status changes on ESC Form 263,
Daily Unit Resource Management Report.

     b. Collection Management (DOO) tells Operations Support (DOU) of all unit
equipment requiring RSR.

     *d. Logistic Branch (LG) ensures that all FRITTER I system outages are
properly reported.

2. Procedures:

     a. Mission supervisors log all equipment outages and restorations on ESC
Form 263 according to 6924 ESS Operations Branch Operating Instruction 200-6.

     c. DOU will:

          (2) Coordinate with the following before releasing any RSR message:

               *(a) Exploitation Management (DOA) for PSP on WIDEBAND positions
and for processing and communications equipment; for example, FRITTER, CFSCOMM.

               (b) DOO.

        (c) Operations Production (DOP).

    *(d) On-duty-flight commander or Collection Systems Superintendent.

    (e) Operations Superintendent.

    (f) Chief, Operations Branch.

    *(g) LG for FRITTER I related outages only.

        (h) Address for "FEEDBACK" copy.

    (4) Distribute copies of each RSR to the following:

        (a) DOO for Commander's Daily Activity Report input.

        (b) DOU for file.

        (c) DOA for RSR on WIDEBAND positions and for processing and communications equipment.

        (d) LG for RSR on FRITTER I only.

    (5) Coordinate status of equipment outages with LG and Army maintenance if necessary.

    d. LG ensures that RSRs for FRITTER I are correct and tells DOU of changes in outage status; for example, status or ordered parts, estimated return time.
